

Mike and Heather Webb
Missionaries to Tanzania

Missions Focus:

- **Revitalizing the Theological Education by Extension (TEE) ministry.**
- **Vocational education of women in the Tailoring School in Dodoma**
- **Theological education of Church of God pastors and lay leaders.**

In 2007, Mike and Heather accepted a career missionary position with Global Missions to serve in East Africa. To prepare for this assignment they spent a year learning Swahili, worked as administrators of a Church of God tailoring school and became acquainted with the condition of the church in Tanzania.

Mike and Heather completed a two year SAM assignment in Southeast Asia in 2006, teaching at an international Christian school. Throughout their journey, God has repeatedly impressed upon their hearts a desire to serve the poor.

After marrying in 2000, Mike and Heather ministered at a small Church of God congregation in Wilmington, Ohio, where Mike served as pastor. Heather returned to school to study nursing. After a semester at HEART Missionary Training Institute, they went to Wheaton College, where Mike earned a master's degree in missions and intercultural studies.

Mike grew up in the Church of God and was introduced to missions at the age of four while on a trip to Haiti with his family. On a trip to Haiti while a student at Anderson University, Mike felt God's call to be devoted to ministry wherever that might lead. He pursued a degree from Huntington College in educational ministries emphasizing cross-cultural ministry.

Heather's call to ministry began in high school and was solidified on a similar trip to Haiti after her freshman year when she sensed God's specific call on her life to overseas ministry. She returned to Huntington College with a new passion for completing her educational ministries degree.

Mike and Heather welcomed their daughter Madalyn on November 9th, 2010.

Birthdays:

Mike: June 9
Heather: April 29
Madalyn: November 9

Anniversary
December 28, 2000
Project # 42.10093
